will be here and Fashion will come into it's own.

Its the day of all days for Dainty Dressers. this day the human family shows in a most conspicuous manner how different it is to the animal or bird family.

No matter how faultlessly the male member may be dressed, nor how fine his raiment, he will be noticed no more than the groom at a wedding.

On this day he will be completely eclipsed by milady.

By environment and a life-long experience we are enabled to anticipate the fashion trend and are always weeks and weeks ahead of most stores thruout the country. If its good style in New York its shown in Dothan by us and at the same time its shown by New York's amartest shops.

We carry better merchandise too, than most stores and charge no more for it.
